

## TREES4FUTURE TA AGREEMENTS

The applicant and TA site manager of the infrastructure have discussed the planned project and have agreed on

- working regulations at the site, including insurance for the people involved
- technical access to be provided
- measurement infrastructure services to be provided
- installation of visiting instruments during the project
- sharing, reporting and publishing of the data and research results

The TA application has been evaluated and both the applicant seeking access and the principal investigator granting access have confirmed the project.

Duration of the visit (days): \_\_\_\_\_ (no. of working days) \_\_\_\_\_

From: \_\_ / \_\_ / \_\_\_\_ (day / month / year)

Until: \_\_ / \_\_ / \_\_\_\_ (day / month / year)

Upon signing the agreement, the applicant agrees to report the main achievements of the project to the Trees4Future Executive Committee as soon as the TA has come to an end.
